

SOCIAL SECURITY STRATEGIES

HOW TO OPTIMIZE YOUR RETIREMENT

Hello, Mr. and Mrs. :

This is a confirmation letter for your attendance at my upcoming **Social Security* workshop**, where I'll discuss strategies for **maximizing** your benefits and **optimizing** your retirement. On the following pages, you will find your event ticket and a map to the event.

Because there were huge updates to Social Security laws recently, we will be discussing these changes in detail. Whether you are currently receiving Social Security, are about to claim your benefits, or have questions about your future benefits, this event will provide you with some insight regarding your planning.

Currently, there are over 560 different ways to collect Social Security benefits. Making a bad decision can potentially cost you thousands of dollars of benefits for either you, your spouse, or your family over their course of a lifetime.

Thank you again for your registration, and I look forward to meeting you soon!

Sincerely,
